

Welcome to CHE!

Onboarding Session 2026

VICE-PRESIDENT & EXECUTIVE DEAN

Professor Tracy Humphrey

The Vice-President & Executive Dean provides visionary leadership in promoting and enhancing the profile of the College and is a key member of the Vice Chancellor's Senior Executive Team.

Tracy has recently joined our College, and she brings an impressive breadth of executive leadership experience across both Australian and international institutions. A recognised clinical academic, she has led national workforce development in maternal and child health, helped shape education standards in midwifery, and pioneered innovative approaches to simulation-based and interprofessional learning

1 Fun Fact

STRATEGIC PLAN

At the opening of this decade, the world's relationship with health, wellbeing and care changed dramatically. As we think to the future, we must embrace greater environmental, social and governance responsibility and accountability for how we act and what we do.

Our current strategic plan builds on previous college plans as we move into the next phase of our vision being the Flinders HealthCARE Centre. It outlines what we aim to achieve for our people, and in our research, education, and practice areas, and finishes with a commitment to seeing our new vision come to life.

We will continue to embrace the Flinders University Values.

STRATEGIC PLAN

The PURPOSE of the College of Health and Enablement is to improve lives, empower communities, and enable better health and caring in the world. We will do this through our Nexus Vision.

Our ROLE is to shape the future of research, education, policy and practice in nursing and health sciences to achieve this purpose.

Our CULTURE builds on our student-centred ethos, which has evolved to become a CARE-CENTRED PHILOSOPHY:

- Care for our students
- Care for our staff
- Care for our communities

This is at the heart of our strategy for the next five years.

STRATEGIC PLAN

CARE NEXUS VISION

Our AMBITION

Our strategy is built upon our ability to describe and deliver our Nexus Vision. This has three dimensions:

- Creating a **culture of care** that permeates everything we do and stand for.
- Achieving excellence in **research**, **education** and **practice**, and how to integrate them.
- Ensuring that our students, staff, community, industry partners, and consumers see this in action and can describe its positive impact on them.

OUR ASPIRATIONS

Our ways of working are through **CO-DESIGN** and **CO-DELIVERY** of existing and novel ways to improve our **IMPACT** on health, care, and wellbeing outcomes.

Our research, education, and practice are **INTEGRATED** thus promoting the seamless connection between research, education, and practice, keeping our curricula up-to-date and our graduates work ready.

We will model **INTERPROFESSIONAL** collaboration through embedding opportunities for students and staff to learn and practice together across disciplines in clinical and community spaces that promote inquiry, critical thinking, and problem solving.

Our scope is **INTERGENERATIONAL**, with a commitment to excellence in health and care across the life-course, from birth to death and every age and condition in between.

We will achieve all this through creating and using spaces such as **LIVING LABORATORIES** that are purpose-built and based in our own facilities and in partner organisations.

OUR CULTURE

We acknowledge the Traditional Owners and Custodians of the lands on which our campuses are located, and honour Elders past and present.

We commit to creating an environment that is safe for Aboriginal and Torres Strait Islander peoples that focuses on shared respect, shared meaning and shared knowledge.

“Our students and our colleagues are our partners with a shared vision, where care is the focus”

We all commit to:

- Involve students and colleagues in decision making where possible
- Share information with our students and colleagues
- Embrace diversity, appreciate different perspectives and empower others
- Timely resolution of conflict
- Practice self and team reflection and strive for excellence
- Celebrate our own and each other's success
- Promote and embed the Nexus Vision between Teaching, Research and Practice.

“We embrace a culture of care and prioritise wellbeing through these healthy work habits”

We all need to:

- Take breaks to relax and recharge during the day and take leave when needed
- Be considerate and support others so we can all switch off in our personal time
- Embrace flexibility, change and challenges
- Encourage an inclusive environment with consideration for others' circumstances
- Regularly check in with colleagues, have caring conversations (R U OK?)
- Speak to your supervisor if feeling overloaded and needing support
- Put self-care strategies in place and openly discuss with your supervisor and colleagues
- Notice and value each others' contributions.

OUR CULTURE

We acknowledge the Traditional Owners and Custodians of the lands on which our campuses are located, and honour Elders past and present.

We commit to creating an environment that is safe for Aboriginal and Torres Strait Islander peoples that focuses on shared respect, shared meaning and shared knowledge.

“We all have a responsibility to lead and make a positive difference”

Great leaders in our college:

- Embrace diversity and demonstrate inclusive, culturally sensitive and open-minded leadership
- Are supportive and encouraging, whilst also being able to make timely decisions and have difficult conversations
- Have high levels of self-awareness and understand their impact on those around them
- Strive for excellence by identifying areas for change and supporting their team to achieve great outcomes
- Proactively collaborate across the College, encouraging information sharing and open discussions
- Are generous with their time to help nurture others to reach their potential
- Act as ambassadors of the College and University.

“The standard you walk past is the standard you accept”

We all commit to:

- Give and receive constructive and respectful feedback
- Build trusted relationships
- Be supportive and uplifting of colleagues
- Promote an environment where everyone feels safe, valued and respected
- Be open to challenges, new activities and opportunities
- Generate positive energy and find opportunities to have fun!

RECONCILIATION

We continue to commit to reconciliation as demonstrated through the following initiatives;

CHE Aboriginal and Torres Strait Islander Collective

Works to support CHE staff in facilitating collaborative partnerships with First Nations staff members. [See more on our website.](#)

Indigenous Workforce Strategy

Developing strategies to attract Indigenous workers into the University, striving to reach an Indigenous workforce target of 3% in 2025.

Reconciliation Action Plan Working Group

Engages with Indigenous Australians, students, staff and the community with the aim of progressing Indigenous advancement in education, research, employment and wellbeing.

Indigenous Aspects of Education Community of Practice

[CHE Learning & Teaching Academy](#) serves to invigorate, facilitate and celebrate innovations in teaching and learning in the College.

PEOPLE & RESOURCES

Professor Chris Barr | DEAN, PEOPLE & RESOURCES

We recognise that the greatest financial investment that is made by the College is the acquisition and retention of talented professional and academic staff. It is our vision to create a College culture that embodies the values and ethos of the University whilst exceeding teaching quality and research expectations and striving to make a positive impact on people's lives.

Flinders University's heritage of quality, independence and excellence will continue to be a source of strength and competitive advantage. Making a difference builds on these strong foundations and aims to secure our place as a world-leading University.

Our future success will rely on dynamic staff, ready to embrace the challenges and opportunities presented in a rapidly changing environment. It requires a culture of trust and empowerment, built on the bedrock of common values and a shared sense of purpose. Together we will meet the challenges of a globally competitive environment by maintaining an uncompromising commitment to excellence in everything that we do.

PARTNERSHIPS & PRACTICE

Professor Michelle Miller | DEAN, PARTNERSHIPS & PRACTICE

We recognise that high-quality practice-based education is essential to preparing graduates who are ready to meet the challenges and opportunities of an evolving health and social care landscape. It is our vision to create innovative, inclusive and sustainable learning environments that integrate work-integrated learning, simulation and student-led services, enabling students to develop the knowledge, skills and professional capabilities required to make a positive impact in their professions and communities.

Flinders University's commitment to excellence, innovation and community engagement provides a strong foundation for advancing partnerships and practice. Building on these strengths, we will foster collaboration with industry, government, health and social care partners to create authentic learning experiences that connect education, research and service.

Through co-design, interprofessional education, workforce development and scholarship, we will continue to enhance the quality, capacity and impact of practice-based learning across the College.

Our future success relies on strong partnerships, innovative thinking and a culture that values collaboration, inclusion and continuous improvement. Together, we will strengthen student outcomes, support excellence in teaching and learning, maintain the highest standards of quality and compliance, and ensure our graduates are equipped to lead, innovate and make a meaningful difference in the lives of the people and communities they serve.

EDUCATION

Professor Sebastian Doeltgen | DEAN, EDUCATION

Our focus is to provide an exceptional student learning experience.

We have a team of excellent educators, recognised by national and international teaching and learning excellence awards.

We work proactively with industry partners and professional bodies leading to more adaptive, responsive, employable and innovative graduates equipped for employment in the workforce of tomorrow.

The College of Health and Enablement is the largest College in the University with approximately 6400 students and over 800 teaching staff.

We offer both undergraduate and postgraduate courses across 13 disciplines.

- Audiology
- Clinical Rehab & Ageing
- Disability
- Exercise Science
- Health Sciences
- Midwifery
- Nursing
- Nutrition & Dietetics
- Occupational Therapy
- Optometry
- Palliative & End of Life Care
- Physiotherapy
- Speech Pathology

We mainly teach at the Sturt campus and also at the City Campus, Tonsley, Renmark, Pt. Pirie, Mt. Gambier and online.

RESEARCH

Professor Sandie McCarthy | DEAN, RESEARCH and DIRECTOR, Caring Futures Institute

Our research ambition is to lead and deliver meaningful, world-renowned innovative research with engaged partners.

Our partnerships and knowledge translation expertise ensure research is embedded in education, practice, and policy change.

The College of Health and Enablement has a strong research portfolio with 1 Research Institute and 7 Centres/Initiatives:

- Caring Futures Institute (CFI)
- Research Centre for Palliative Care, Death & Dying (RePaDD)
- Aged Care Research & Industry Innovation Australia (ARIIA)
- Centre for Research Excellence in Knowledge Translation
- Registry of Senior Australians (ROSA)
- Flinders Digital Health Research Centre (FDHRC)
- Cancer Centre for Research Excellence

CHE has over 130 researchers, all of whom are supported by the professional staff from the Research Development and Support (RDS) team.

We also currently supervise 116 PhD students. We aim to continually build our research funding. In 2025, the College received over \$31 million in research income.

CARING FUTURES INSTITUTE

**Prof
Sandie McCarthy**

**Prof
Gill Harvey**

**Prof
Di Chamberlain**

**Assoc Prof
Ranjay Chakraborty**

We are creating better care through research, knowledge translation and partnerships.

Our research spans the life course with a focus on ensuring our health and social care systems and services deliver the best outcomes for all.

We undertake research in partnership with consumers, the community, and the health, education, ageing and social care sectors to support impact.

EMPLOYEE SERVICE PORTALS

OKTA DASHBOARD

OKTA is your point-to-point portal hub where all your application systems to carry out daily tasks are stored online for access whilst working on site or remotely.

The general applications are preloaded, however, some applications specific to your area (teaching, research or professional), will need a ServiceOne request with supervisor approval to be loaded.

EMPLOYEE SERVICE PORTALS

SERVICEONE

ServiceOne is your first point of call to submit requests for enquiries, general services, systems access, caretaking assistance, stationery, IT support, etc.

The Research and Education portals are specific to academics in those areas to request specific services, access, and advice pertinent to your work.

EMPLOYEE SERVICE PORTALS

V-PERMIT

From your OKTA Dashboard you can access V-Permit.

V-Permit is the online portal to activate and process your parking permit onsite at Flinders.

Please note, only one vehicle registration can be active against your employment, so if you swap cars for the day, remember to change the registration!

EMPLOYEE SERVICE PORTALS

WORKDAY

Our Human Resources system **Workday** is an intuitive, self-service system designed to assist you as an employee, your supervisors, and People & Culture with employment business processes, such as time management and leave, recruitment, performance management, and management of personal information.

Workday assistance can be requested through ServiceOne.

EMPLOYEE SERVICE PORTALS

STAFF AT FLINDERS: INTRANET

The staff intranet is your landing page for all staff related resources, including employee resources, workplace support, teaching and research resources, and links to Colleges and services, such as:

- College Calendar
- FAQs
- Document Library & Key Contacts
- Events
- Strategic Plan
- Employment Assistance Program (EAP)

WORK HEALTH & SAFETY

INDUCTION CHECKLIST

The Local WHS Induction checklist needs to be completed and should cover:

- Emergency and First-Aid Procedures
- General WHS
- Job Specific WHS Information
- Sign off to be completed by the INDUCTEE & SUPERVISOR
- Once completed, submit via Service One
- [Mandatory WHS induction and training](#)

EMERGENCY MANAGEMENT

Emergency evacuation:

You are required to watch an [emergency evacuation video](#). It clearly describes the evacuation tones and what actions should be followed when there is an emergency evacuation.

If there's an emergency:

- Alert people nearby and ask for their assistance to advise others
- Phone **000** or break the 'Break Glass Fire Alarm' whichever is closest
- Phone 'Security' for your campus e.g., Bedford Park - **8201 2880**
- Exit the building following any instructions given by the Fire Wardens and go to assembly area.

If there's a medical emergency:

- Contact **000** for an ambulance
- Advise security **8201 2880**
- Remain with the person. If possible, contact your [local First Aid Officer](#) to assist.

RISKS AND HAZARDS

RISKS NEED TO BE MANAGED IN:

- Clinical settings
- Computer work - workstations
- Events
- Field trips
- Laboratories
- Placements
- Rural and remote travel
- Vehicle usage
- Visiting peoples' homes
- Working from home setups

PLEASE REPORT ANY HAZARDS:

Report if you see a hazard that has the potential to harm a person, property or the environment.

This can be done via [FlinSafe](#) or if building or infrastructure related, via [ServiceOne](#).

RISK ASSESSMENT

MANAGING ERGONOMIC RISKS - WORKSTATION

This self-assessment tool guides people in setting up their offices and workstations correctly.

INJURIES AND INCIDENTS

What are you going to do if someone is injured?

1. Seek medical treatment/call security
2. Report to supervisor
3. Report online in [FlinSafe](#) via your [OKTA dashboard](#)*

*Even if nobody is hurt, an Incident Report must be lodged on FlinSafe!

HEALTH AND WELLBEING FOR STAFF

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The Employee Assistance Program is available to all staff and is voluntary. Staff members can refer themselves directly to one of the designated psychologists, for up to 3 sessions paid for by the University. The program is strictly confidential; all personal treatment information remains with the external service provider. EAP assistance can be provided for personal, emotional or work-related matters.

PSYCHOSOCIAL HAZARD MANAGEMENT

Psychosocial hazards are aspects of work which have the potential to cause psychological and physical harm. Flinders University takes the psychological and physical health and safety of our workers seriously and works hard to ensure that hazards are minimised as far as reasonably practicable. Please use [this link](#) to report a psychosocial hazard. This report will be triaged to the appropriate business partner (People & Culture or Work Health & Safety) depending on the nature of the report. All information you provide is confidential.

HEALTH AND WELLBEING FOR STAFF

HEALTH AND WELLBEING

Flinders' health and wellbeing objective supports healthier bodies, minds, culture and places, with many activities and initiatives to further staff wellbeing. Please check the [Health and Wellbeing site](#) to see what's coming up this calendar year.

SPORT & FITNESS

Yoga and Pilates sessions are available for staff as seen on the right. Furthermore, staff may take advantage of [discounted rates](#) at [Flinders University Sport & Fitness](#) located within the [Alan Mitchell Building, Registry Road, Flinders University, Bedford Park SA 5042](#).

SMOKING POLICY

Flinders University has adopted a smoke-free, fresh air policy from 2016. All premises and sites including buildings, structures, car parks, outdoor areas, and vehicles are smoke-free zones, except for [specifically designated outdoor areas](#). Sturt Campus designated smoking area is between Sturt Oval (next to the gym) and Carpark 14 stair access.
