

# Our Culture

College of Nursing & Health Sciences

“Our students and our colleagues are our **partners** with a shared vision”

#### We all commit to:

- Involving students in decision making where possible
- Sharing information with our students and colleagues
- Embracing diversity, appreciating different perspectives and empowering all
- Timely resolution of conflict
- Practicing self and team reflection and striving for excellence
- Celebrating our own and each other's success

“Be **fearless** and...”

- Provide constructive and respectful feedback
- Build trusted relationships
- Be supportive and uplifting of colleagues
- Try new activities and roles
- Challenge yourself
- Have fun!

“The standard you walk past is the standard you **accept**”

#### Talk to your supervisor or executive leadership team if:

- You don't feel safe, valued and respected
- You don't feel passionate about your role
- You have feedback to share

#### Be open to your colleagues, supervisor or executive leadership team speaking with you if:

- They observe you not leading by example
- They don't think you are displaying passion for your role
- They wish to provide feedback on your performance
