

1 Realtime Commitments – Yes or No?

There are a number of reports on the system that ask the user to enter whether the report should show Realtime Commitments. There are 2 options – Yes or No.

The screenshot shows a web application interface for configuring a report. The title bar reads 'Process (E1XL1100)' and includes navigation buttons for help, back, home, close, and clear. The main content area is titled '43 Inc/Exp by Project Multiple Org Level Report' and is divided into three sections: General, Extended Criteria, and Advanced Options.

General

Destination:	Print the report to the window
Entity:*	01 Flinders Uni
Org Level:*	Cost Centre
Project (ALL):*	ALL
Source (ALL):	
Month:*	August
Year:*	2013
Realtime Commitments?:*	Yes
Cost Centre Value:	
Org Level 1 Value:	
Org Level 2 Value:	
Org Level 3 Value:	

Extended Criteria

You haven't specified any extended report criteria
Click [here](#) to modify extended criteria

Advanced Options

If the report is being run for the **current month** then the answer should be “**Yes**”. This will show commitments as at that moment – all un-posted journals, outstanding purchase orders etc.

If the report is being run for a **prior month** that has closed for posting then the answer should be “**No**”. This will then show the commitments at the value they were at the end of that month.
