APARTMENT HOTELS

THE QUEST EXPERIENCE

“Quest offers the largest network of apartment hotels, with over 170 locations throughout Australasia.”

Back when it all began, we introduced an accommodation alternative that changed the travel industry for the better: accommodation with the comforts of home and the service of a hotel.

Our success has been driven by our passion to meet the changing needs of the extended stay business traveller, coupled with our focus on building apartments in emerging business locations. This means that wherever you need to be, you'll find us.

Today, Quest has a network of over 170 properties across Australia, New Zealand and Fiji – and we're not slowing down. We design each of our properties to offer a business class experience at rates that represent outstanding value for money.

Why Quest?

For many business travellers, life on the road can be tough. This is why we work tirelessly to tailor accommodation solutions to meet whatever your needs may be – all you have to do is ask.

We also know that business travellers enjoy the extra space that our apartment hotels provide. This means our guests have room to stretch out and relax, conduct a business meeting or even entertain with a fully equipped kitchen and dining area.

Passionate people, excellent locations and exceptional service – whatever your journey, make Quest a stop along the way.

Consistent standards

We're committed to understanding the current and future requirements of our clients. Our National Account Managers regularly analyse your accommodation requirements to ensure we're in tune with broader trends and developments in the travel and accommodation industries.

Services

Depending on the property size and location you can expect the same level of service including all or most of the following:

- Restaurant chargeback
- Business administration services
- Pantry shopping

Rates

While many accommodation providers have adopted dynamic pricing – rates that differ nightly according to occupancy levels – **Quest believes in rewarding corporate clients for their loyalty with set contracted yearly rates that you can depend on.**

This allows your yearly travel budgets to be confidently set and represents genuine and consistent value for money throughout the year.
